## **Tips for choosing your respite activity:**

**Choose an activity** → you have always enjoyed doing;

- → you did before you became a caregiver;
- → that has meaning to you;
- -- that will help improve satisfaction with caregiving;
- --> that will help you reduce the stress you might be feeling; and
- → that encourages you to use your respite more regularly.

Caregivers who use their respite time to do what they intended to do may feel less stress and more satisfaction with their caregiving role.
